"Lithium to the MAX!"

Lithium is the Future, and **MAX Power** is Seizing It!

MAX Power *Pioneers New Territory*

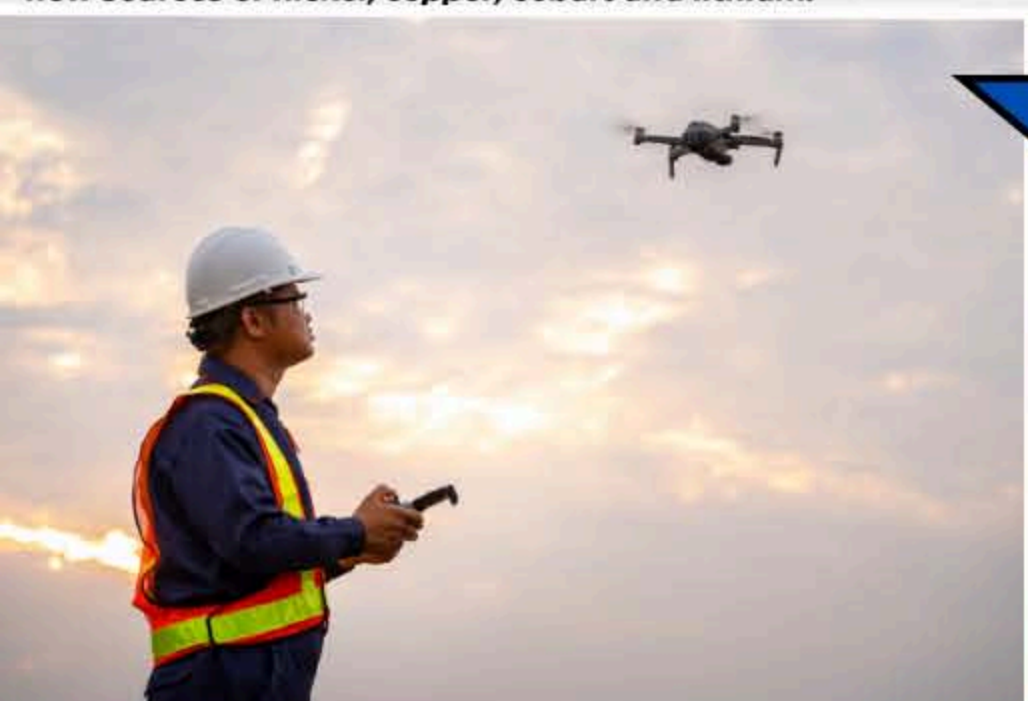

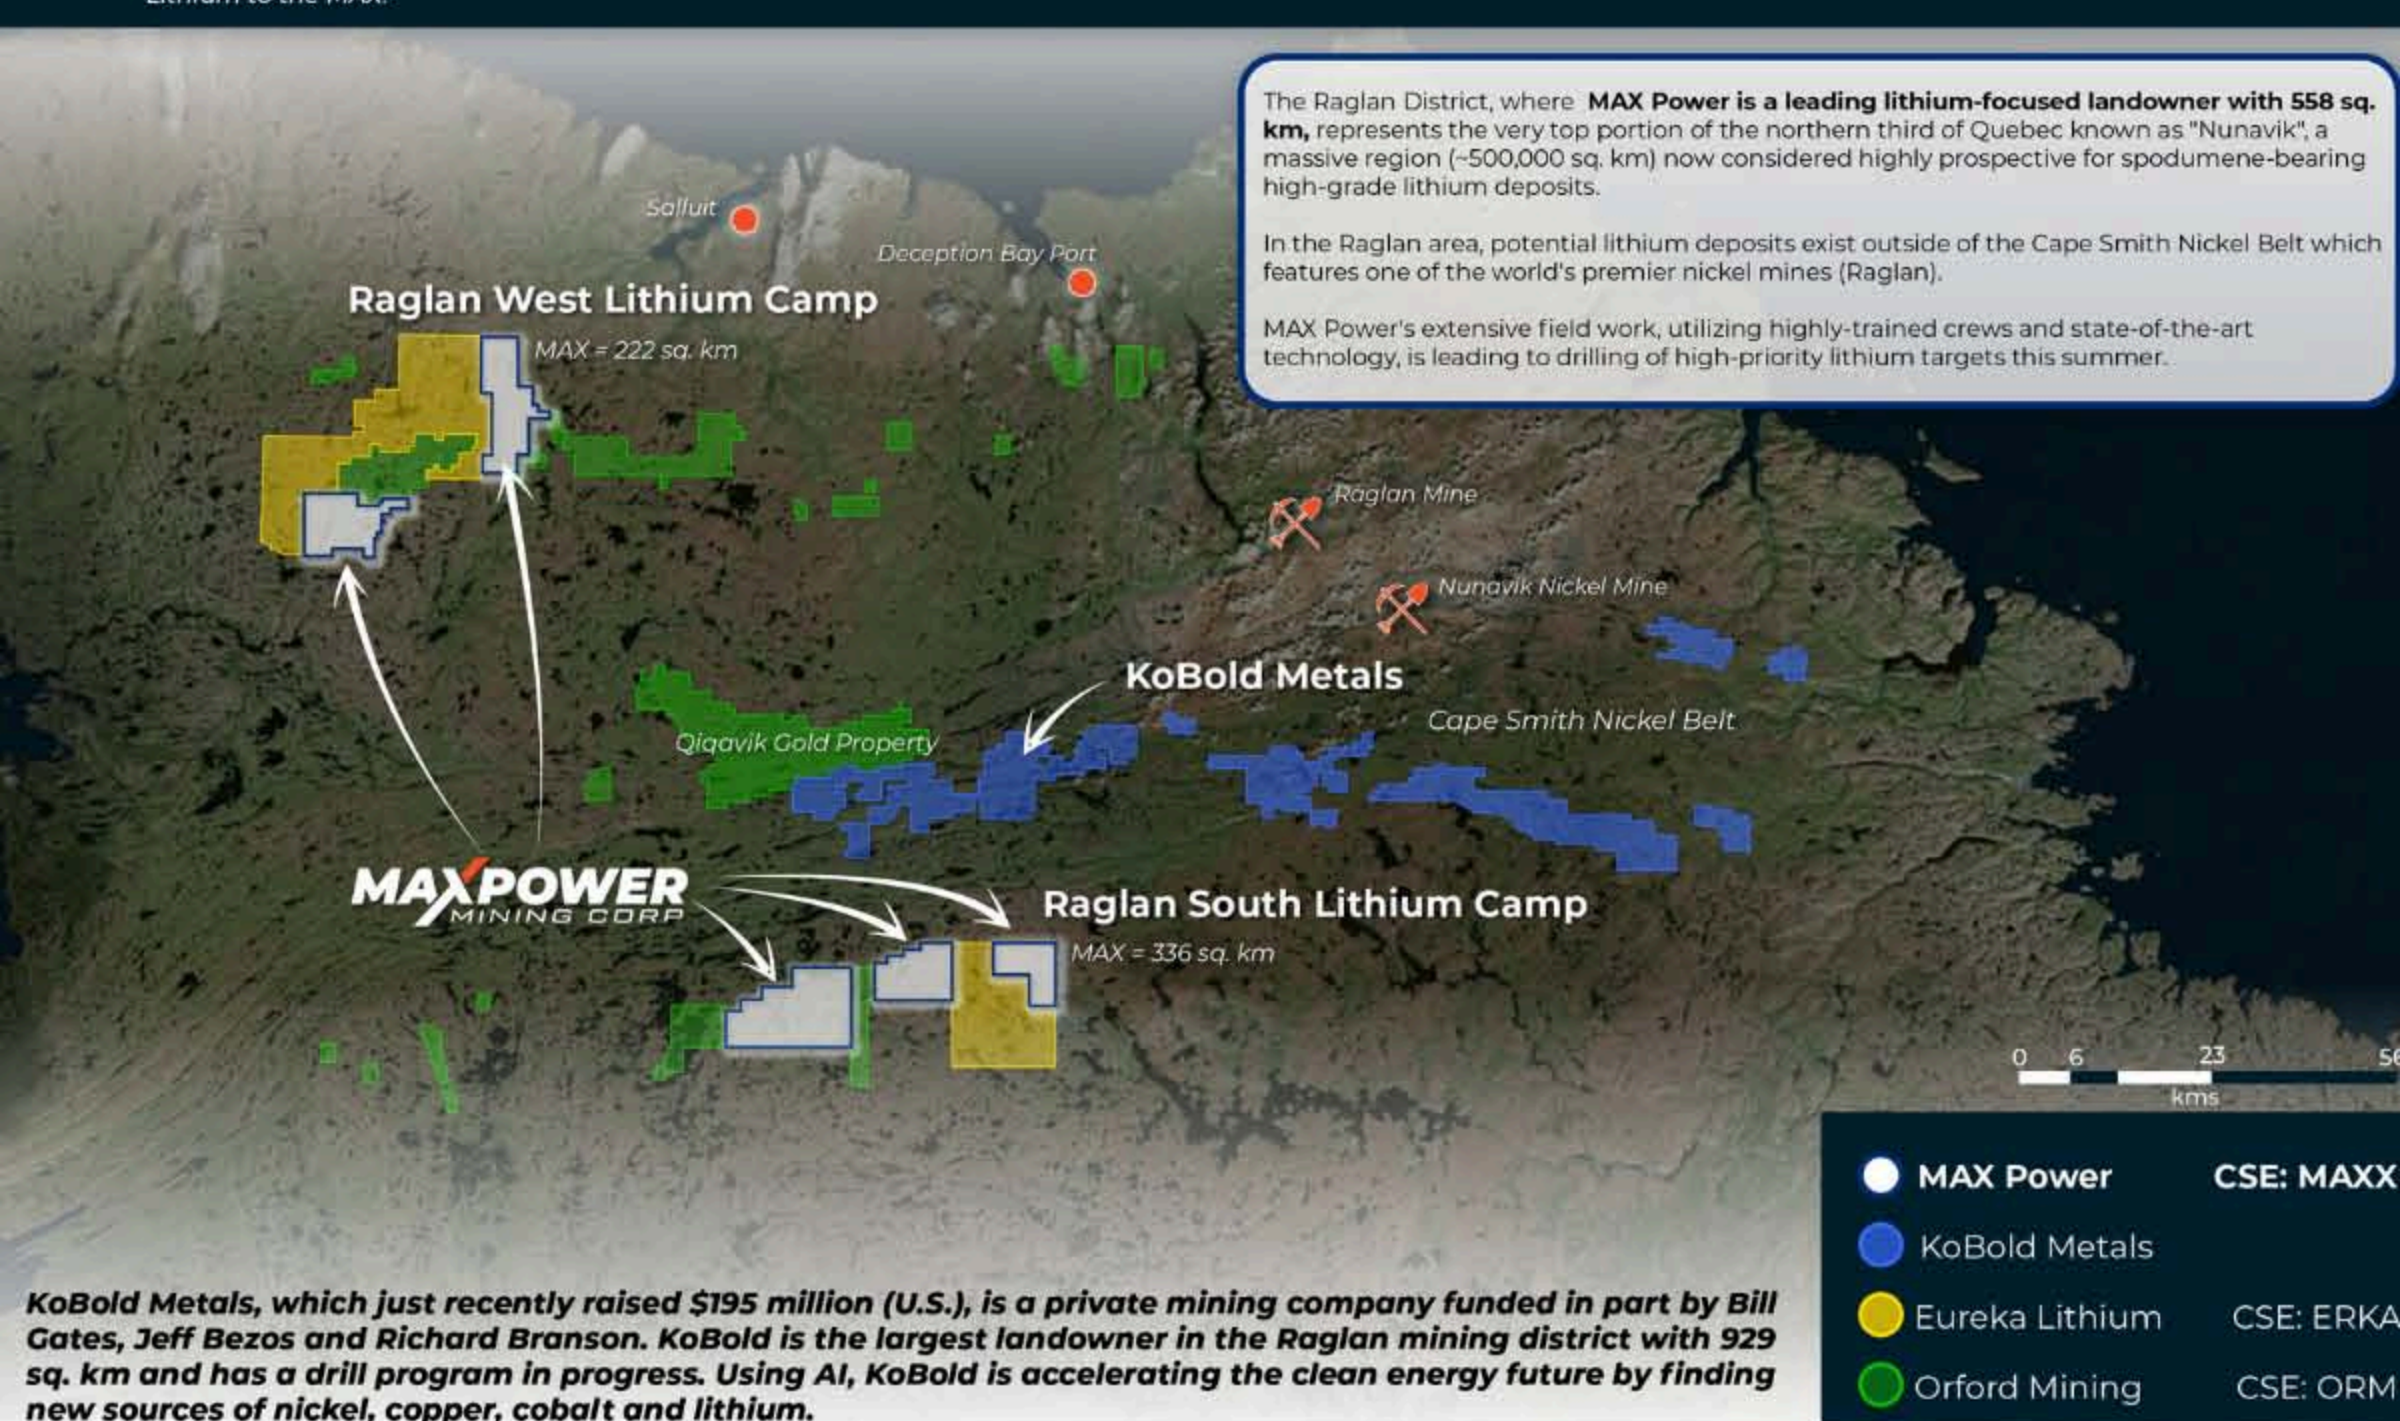

MAX Power is *literally* breaking new ground at Nunavik, a vastly under-explored region comprising the top third of Quebec! As global demand for lithium swells, MAX Power leads the charge into a new frontier that exhibits many signs of hosting high-grade lithium deposits.

Nunavik Raglan District Map, Quebec

MAX Power *Innovates Lithium Exploration*

With Nunavik considered highly prospective for spodumene-bearing lithium pegmatite deposits, and ample outcrop to explore, MAX Power is deploying state-of-the-art technology through partner GroundTruth Exploration for maximum efficiency and results in this northernmost part of Quebec.

MAX Power *Launches Aggressive Exploration Program*

MAX Power is rapidly identifying prospective pegmatite zones across a leading land position in Nunavik for summer 2023 drilling of highest priority targets covering the New Leaf District and the Raglan District.

MAX Power's *Rich Neighbor!*

MAX Power recently became the largest landowner in the Raglan South Lithium Camp, starting 10 km from privately-owned KoBold Metals' land package. Berkeley-based KoBold just raised \$195 million (U.S.) and is funded in part by billionaires Bill Gates, Jeff Bezos and Richard Branson as it drills for new battery metal deposits in Nunavik.
